## An artful celebration of our world

**EN** How do you create an artful world map that looks realistic, yet has a unique, creative twist? LEGO® Art Design Manager Fiorella Groves started with rough, digital visualizations resembling actual maps with borders and topographic representations.

"But this is LEGO Art. I wanted to see how far we could take it. This is the creative freedom we have as designers when we build with LEGO bricks – we can play with the norms. So, we removed all man-made borders and created the land masses in a super simple, yet powerful design with a cast shadow effect. With the oceans as negative space, the land masses really pop on a vibrant background of – literally – oceans of joyful colors. We experimented with dozens of test versions until we found a beautifully balanced palette that lets you build a bathymetric version of the oceans while being versatile enough to create endless, fun, alternative iterations."  
– Fiorella Groves.

## Une célébration artistique de notre monde

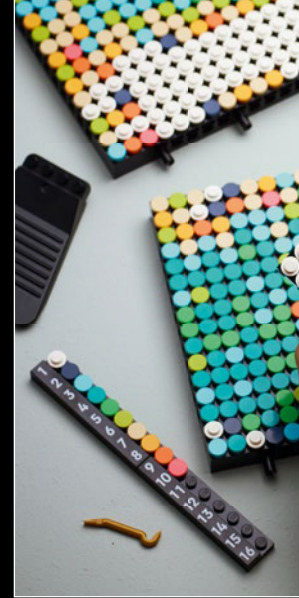

**FR** Comment créer une carte du monde artistique qui semble réaliste, tout en ayant une touche unique et créative ? La responsable de la conception artistique LEGO®, Fiorella Groves, a commencé par des visualisations numériques approximatives ressemblant à des cartes réelles avec des frontières et des représentations topographiques.

« Mais c'est LEGO Art. Je voulais voir jusqu'où on pouvait aller. C'est la liberté créative que nous avons en tant que concepteurs lorsque nous construisons avec des briques LEGO – nous pouvons jouer avec les normes. Ainsi, nous avons enlevé toutes les frontières tracées par l'homme et créé les masses terrestres dans une conception simple, mais puissante, avec un effet d'ombrage. Avec les océans comme espace négatif, les masses terrestres ressortent vraiment sur un fond éclatant d'océans de couleurs joyeuses. Nous avons essayé des dizaines de versions jusqu'à ce que nous trouvions une palette magnifiquement équilibrée qui permet de construire une version bathymétrique des océans, tout en offrant assez de polyvalence pour créer des variations infinies et amusantes. »  
– Fiorella Groves.

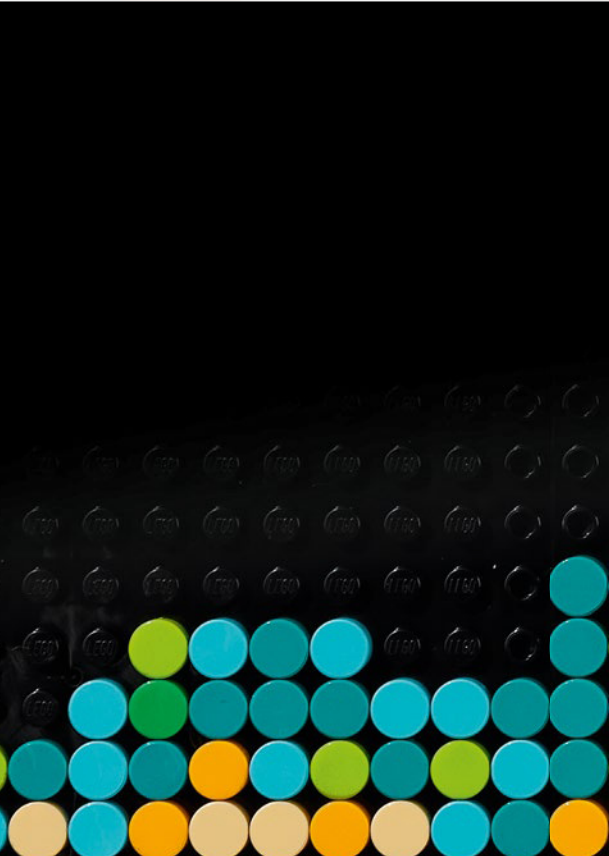

## Una celebración artística de nuestro mundo

**ES** ¿Cómo se crea un mapamundi artístico que se vea realista sin dejar de ser único y creativo? Fiorella Groves, jefa de diseño de LEGO® Art, partió de representaciones digitales aproximadas que se asemejaban a los mapas reales, con fronteras y líneas topográficas.

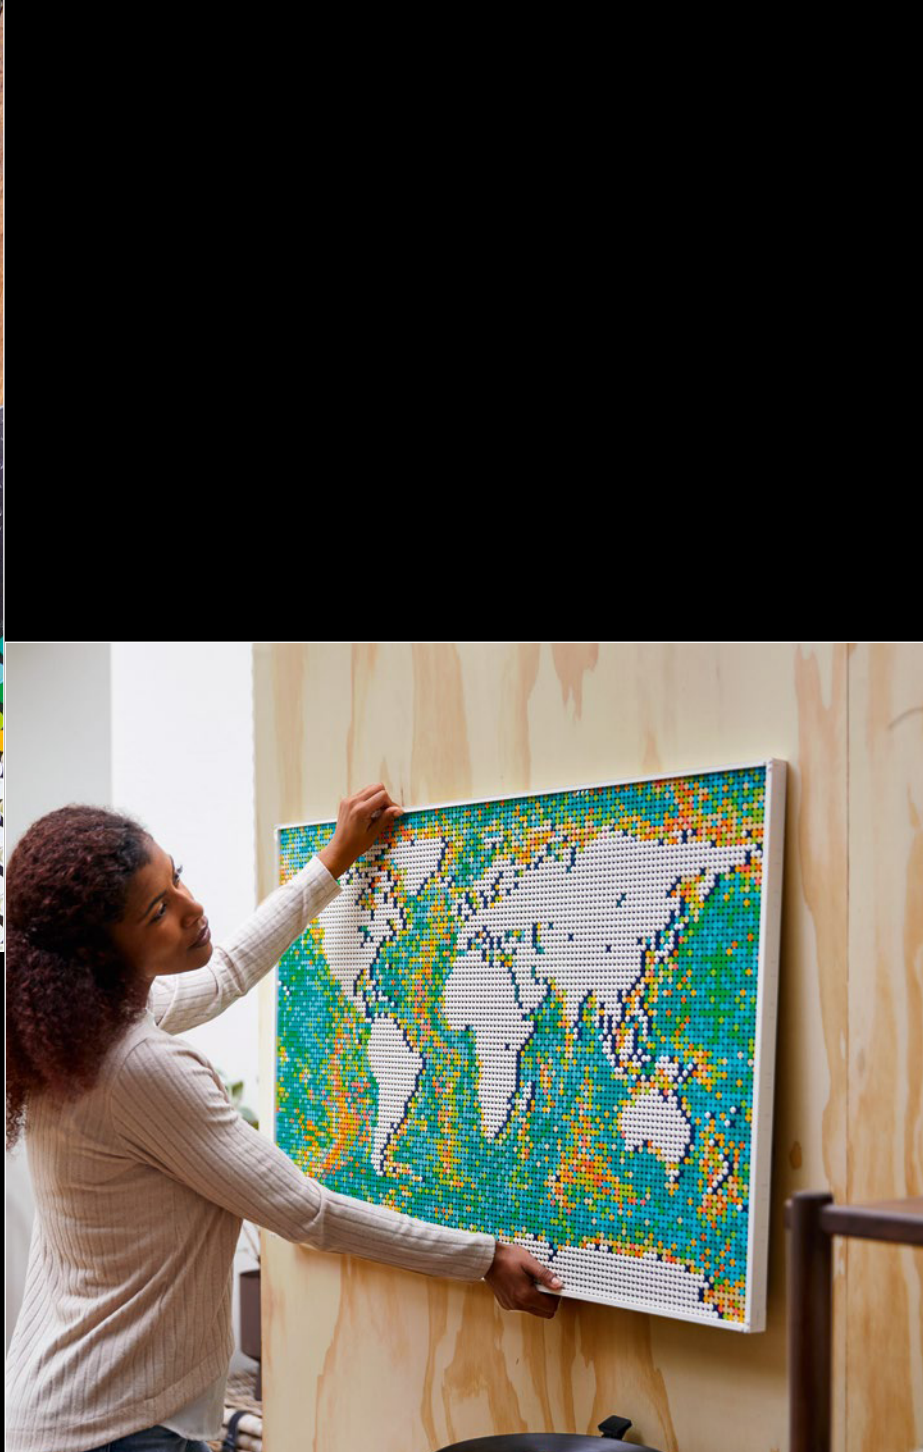

"Pero esto es LEGO Art. Quería ver hasta dónde podíamos llegar. Esa es la libertad creativa que tenemos como diseñadores cuando construimos con bricks LEGO: podemos jugar con las normas. Así que eliminamos todas las fronteras políticas y creamos las masas de tierra mediante un diseño sumamente simple pero poderoso cuyo rasgo distintivo es un efecto de sombra proyectada. Con el agua como espacio negativo, las masas de tierra emergen sobre un vibrante fondo compuesto por, literalmente, océanos de alegres colores. Experimentamos con decenas de versiones de prueba hasta que encontramos una paleta hermosamente equilibrada que permitiría construir una versión batimétrica de los océanos y, a la vez, resultaba lo suficientemente versátil como para dar lugar a infinitas iteraciones alternativas sumamente divertidas", explica Fiorella Groves.

## Bring your world to life

**EN** Where we come from, the places we settle, where our hearts belong, those places become the centers of our world. If you love traveling, you know world maps look different depending on where in the world you are. We wanted you to have the creative freedom to change your perspective on your world map and arrange the 3 sections, America, Europe and Africa, and Asia and Australia, so your part of the world is at the center.

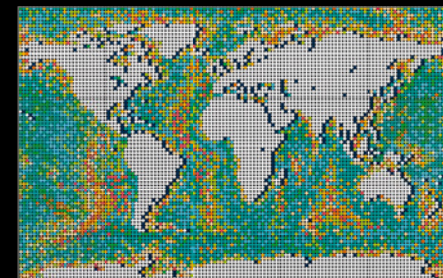

**FR** D'où nous venons, où nous habitons, où nos cœurs sont attachés... ces lieux deviennent les centres de notre monde. Si vous aimez voyager, vous savez que les cartes du monde sont différentes selon l'endroit où on se trouve dans le monde. Nous voulions vous offrir la liberté créative de changer la perspective sur votre carte du monde et de disposer les 3 sections, soit l'Amérique, l'Europe et l'Afrique, et l'Asie et l'Australie, de sorte que votre partie du monde soit au centre.

**ES** De donde venimos, donde nos instalamos, donde reside nuestro corazón: esos lugares se convierten en centros de nuestro mundo. Si te gusta viajar, sabrás que los mapamundis se ven diferentes dependiendo del lugar del mundo donde te encuentres. La idea central era darte libertad creativa para cambiar la perspectiva de tu mapamundi y organizar las 3 secciones (América, Europa y África, y Asia y Australia) de manera que la parte del mundo donde vives quedara en el centro.

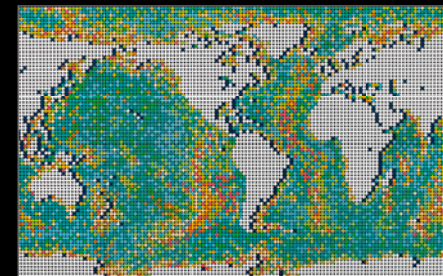

Dale vida  
a tu mundo

## 1 world – 3 combinations

**EN** Your world map consists of 3 main sections – America, Europe and Africa, and Asia and Australia – which you complete separately. In your kit, you will find connector pins to assemble the 3 sections into a combined work of art, with your favorite part of the world in the center.

## 1 monde – 3 combinaisons

**FR** Votre carte du monde se compose de 3 sections principales – l'Amérique, l'Europe et l'Afrique, et l'Asie et l'Australie – que vous réalisez séparément. Dans votre ensemble, vous trouverez des broches de raccord pour combiner les 3 sections en une seule œuvre d'art, avec votre partie préférée du monde au centre.

## 1 mundo, 3 combinaciones

**ES** Tu mapamundi consta de 3 secciones principales (América, Europa y África, y Asia y Australia) que se crean por separado. El kit incluye conectores para unir las 3 secciones y formar una obra de arte combinada con tu parte favorita del mundo en el centro.

## Mark your world

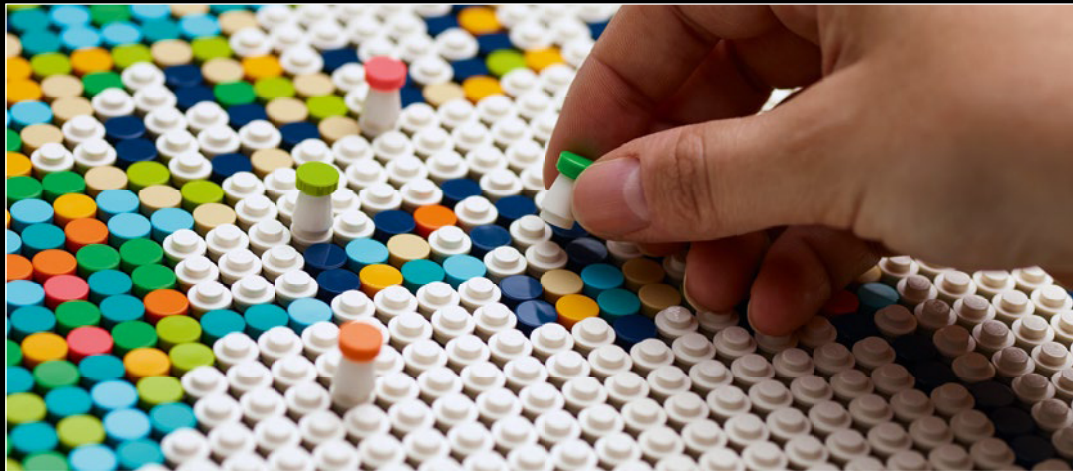

**EN** Use the cone elements and up to 4 different colored round tiles to build markers that represent your journeys. Or you can get creative and invent your own markers. Pin as many as you like to your map to highlight the places that mean the world to you: where you were born, have lived, traveled, or dream of going.

## Marquez votre monde

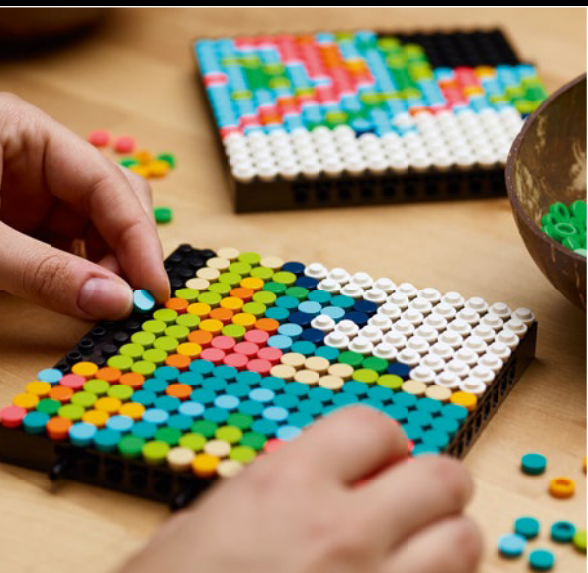

**FR** Utilisez les éléments de cône et jusqu'à 4 tuiles circulaires de couleurs différentes pour construire des marqueurs qui représentent vos voyages. Vous pouvez également faire appel à votre créativité et inventer vos propres marqueurs. Fixez sur votre carte autant de marqueurs que vous le souhaitez pour mettre en évidence les endroits qui comptent le plus pour vous : où vous êtes né(e), où vous avez vécu, où vous avez voyagé et où vous rêvez d'aller.

## Marca tu mundo

**ES** Usa los elementos cónicos y hasta 4 azulejos redondos de diferentes colores para crear marcadores que representen tus viajes. O, si quieres, puedes ponerte en plan creativo e inventar tus propios marcadores. Coloca tantos como quieras en tu mapa y señala los lugares que formen tu propio mundo: donde naciste, donde has vivido, a donde has viajado o los lugares que sueñas con visitar.

## Customize the oceans

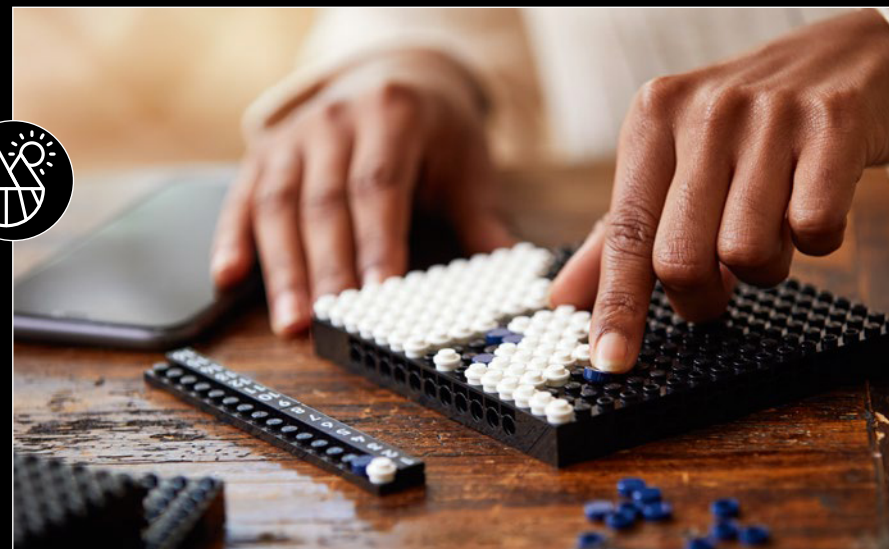

**EN** Your work of art is not only a static map you can hang on your wall. It's also a creative tool kit that lets you combine the beautiful, familiar logic of maps with your own creative ideas. Because your imagination has no borders, either. Once you have completed the land masses with the white and dark blue tiles, you can reconfigure the oceans with your own personal mosaics of colors and turn your map into a living, dynamic art piece. Create flags, symbols, your initials, patterns, or let a dice roll decide what color to use next. Build alone or invite your family or travel buddies to leave their creative mark on your world. It's your artwork, your way.

## Personnalisez les océans

**FR** Votre œuvre d'art n'est pas seulement une carte statique que vous pouvez accrocher sur votre mur. C'est aussi un ensemble d'outils créatifs qui vous permet de combiner la magnifique logique familière des cartes avec vos propres idées créatives. Parce que votre imagination n'a pas de frontières. Une fois que vous avez achevé les masses terrestres avec les tuiles blanches et bleu foncé, vous pouvez reconfigurer les océans avec vos propres mosaïques de couleurs et transformer votre carte en une œuvre d'art dynamique et vivante. Créez des drapeaux, des symboles, vos initiales, des motifs ou laissez un lancer de dés décider de la prochaine couleur à utiliser. Construisez en solitaire ou invitez votre famille ou vos compagnons de voyage à laisser leur marque créative sur votre monde. C'est votre œuvre d'art, à votre manière.

## Personaliza los océanos

**ES** Tu obra de arte no es solo un mapa estático para colgar en la pared. Es también un ingenioso kit de herramientas que te permite combinar la bella y familiar lógica de los mapas con tus propias ideas creativas. Porque tu imaginación tampoco tiene fronteras. Una vez que hayas completado las masas de tierra con los azulejos blancos y azul oscuro, puedes reconfigurar los océanos con tus propios mosaicos de colores y convertir tu mapa en una obra de arte viva y dinámica. Crea banderas, símbolos, tus iniciales, patrones... ¡o lanza un dado para elegir qué color usar a continuación! Construye por tu cuenta o invita a familiares o compañeros de viaje para que dejen su marca creativa en tu mundo. Tu obra de arte, a tu manera.
