TYCO

SUPER BLOCKS Action Building Set

ROBO-BLOXX™

BLOXXZAR

"Czar" of the evil Robo-Bloxx. Massive solar wind blades generate radioactive clouds — Bloxxzar transforms into a helicopter.

Robobloxx is a building set that uses many different Tyco "Standard Size" Super Blocks. Due to the articulated movements some blocks will bear greater stress than others; therefore, it is important that all blocks are securely connected before play begins. The labels are specially designed to strengthen the connections. If further strengthening is necessary, apply clear tape to the weak section.

TYCO SUPER BLOCKS ARE SAFE, CREATIVE, FUN.

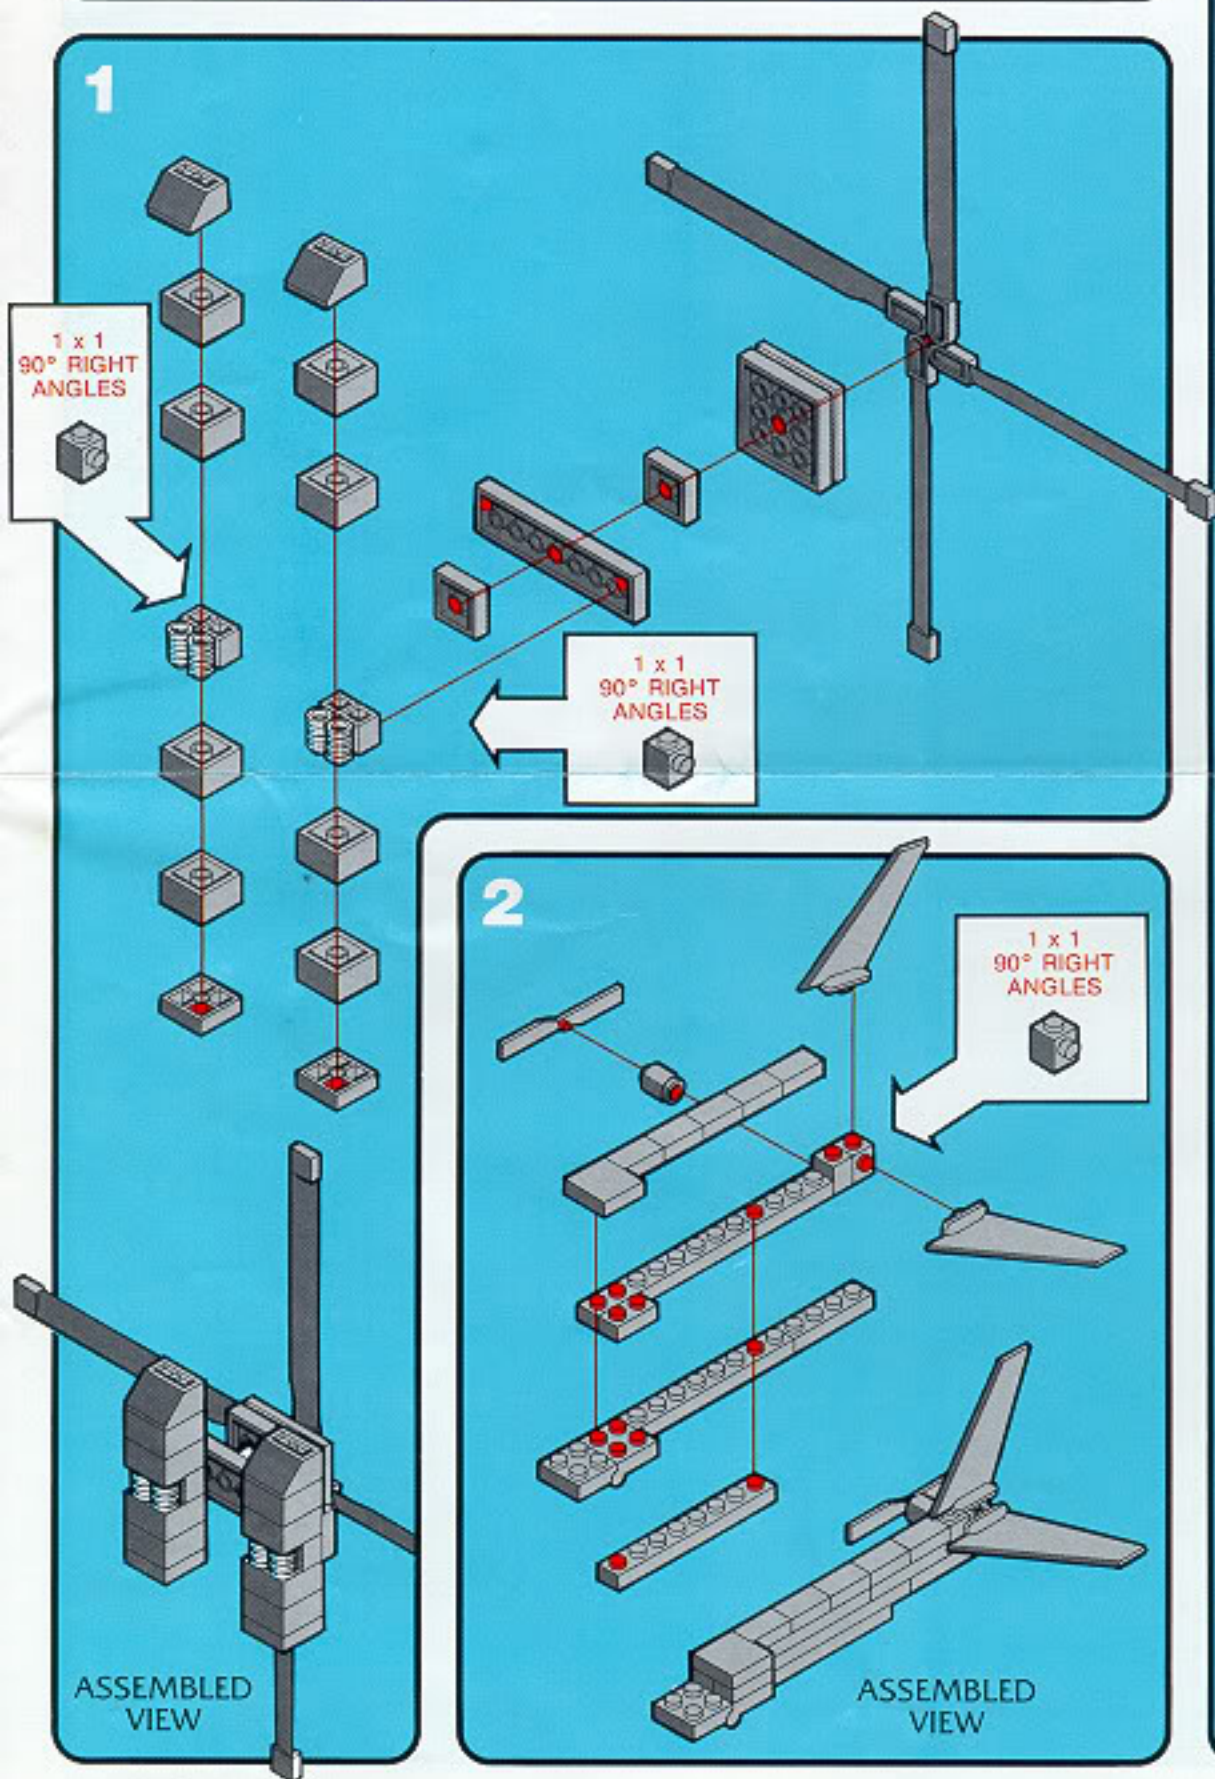

TYCO "Standard Size" SUPER BLOCKS are intended for use by children 4 years of age and older. As with any toy construction set, TYCO SUPER BLOCKS contain many small parts that must be kept away from children under 3.
